

SHAMROCK SCOOP

Eastpointe Community Schools

November 2022

FIELD TRIP FUN!

Several of our elementary school classes have been celebrating fall with field trips to farms and cider mills. Apple picking, hayrides, and visits with farm animals make learning come alive!

CUTEST PUMPKINS IN THE PATCH

It was great to have so many parents and guardians come to our 3-year-old preschool classrooms at the ELC to paint pumpkins with their children! Family support is so important to the success of students of ALL ages!

UPCOMING EVENTS

- 11/8 No School for Students
Election Day
Parent/Teacher
Conferences

April 6, 2023

Distributions take place at 9:30am in the circle drive in front of Eastpointe Middle School. Click here for a full schedule.

SPOTLIGHT ON STEM

Ms. Biske's elementary STEM classes are loving the fall-themed centers in her classroom! The different activities encourage students to create, build, and observe with hands-on practice and lots of fun!

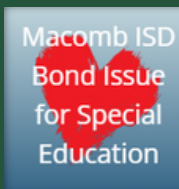

#HATNOTHATE AT EMS

Eastpointe Middle School is participating in the nationwide #HatNotHate anti-bullying campaign to bring awareness to and put a stop to bullying. The handmade blue hats they received are extra special, because they were donated by members of the Eastpointe community! They're a great reminder to all of us to treat one another with kindness.

STUDENT SUCCESS

Congrats to EHS culinary arts senior Lakira Fair, who recently won a statewide contest to help encourage the reduction of food waste in the kitchen! She created a poster PSA that will be distributed throughout the state. Way to go, Lakira!

The Macomb ISD has a bond proposal on the November ballot that will help improve the buildings where 19,000 Macomb County special education students learn and receive services, including many of our ECS students. Click the heart button at the left to learn more about this important bond issue.
